2K High Build Urethane Primer/Surfacer (2.1 VOC)

SP820

Product Information:

PPG Value-Pro™ SP820 2K 2.1 Urethane Primer/Surfacer is a fast-drying, gray high build primer/surfacer which provides excellent adhesion, easy sanding properties and excellent color holdout.

Designed for productivity-focused collision repairs:

- Fast-drying, high-build primer surfacer
- Good substrate adhesion
- Easy to Sand
- Good Holdout

This transition reinforces our commitment to providing solutions that help customers stay compliant without sacrificing quality, efficiency, or results. See the new codes below:
