

AUTOMOTIVE REFINISH PRODUCT ANNOUNCEMENT

ENVIROBASE[®] HIGH PERFORMANCE

Date: January 19, 2018

T493 Modifier

Product Information:

T493 Modifier is a new additive designed to complement the Envirobase[®] High Performance basecoat system.

This new T493 Modifier was developed to be used in conjunction with T492 Adjuster and together this combination of additives will enhance film properties for vehicles that are subjected to harsh driving conditions, such as sustained off road driving or construction vehicles. T493 Modifier replaces the need to use T581 Activator in the basecoat only. T581 Activator will still be needed to convert *Envirobase* HP basecoat system into Internal Repair system (Engine Bay).

Please refer to the *Envirobase* HP Product Information bulletin EB-143 11/17 for complete mixing and application instructions.

Marketing Information:

- Specifically formulated for use in *Envirobase* HP waterborne basecoat.
- Enhances film properties of the basecoat system.
- Designed to be used in conjunction with T492 Adjuster.
- T493 Modifier replaces T581 Activator in the basecoat only.
- Easy to use and apply while maintaining excellent appearance and productivity
